SPA MENU

Moving Mountains Spa Experiences

With the following two signature treatments, our holistic holiday experience Moving Mountains can also be enjoyed in the spa.

In collaboration with Organic Pharmacy and inspired by the surrounding nature we have developed two purely organic treatments for relaxation and revitalization.

Moving Mountains
Immune Recovery Body Ritual

75 min. – CHF 205

A full body massage starting with infused salt inhalation deep breathing to clear the respiratory system. Lemon and Eucalyptus are used to reawaken your senses and enriching oils of Juniper and Fennel encourage detoxification. Following an exfoliating dry body brushing, silicone cups are used to lift the connective tissue and improve blood flow to stagnant skin and muscles to relieve pain, stress and boost the immune system.

Moving Mountains
Immune Recovery Facial

50 min. – CHF 155

75 min. – CHF 195 (with deep cleansing)

A deeply clearing facial treatment that starts with Himalayan salt inhalation for the lungs and double cleansing for the skin. Over three hundred facial lymph nodes are gently drained with our signature rose crystal massage while a jade massage helps soothe the heart chakra. Gentle cupping then drains all excess fluid from the face and sinuses, revealing bright glowing skin cleared of toxins and puffiness.

THE ORGANIC PHARMACY

All ingredients at The Organic Pharmacy are certified organic and 100 % natural. They are free from artificial colourants, fragrances, petrochemicals and preservatives, with no testing on animals and a respect for the environment and fair trade.

Like the products of The Organic Pharmacy, the spa treatments combine the best of both worlds: Nature and science. All products are characterized by their pure and 100 % effective formulation, high dosage and the combination of pharmaceutical knowledge with homeopathic principles.
